### 0-3 Years

Our crèche is open every Sunday morning during the service for all those aged 0-3 years. No sign in is required for the crèche as parents are expected to stay and supervise their children when they are in there.

Our crèche consists of an open space where children have access to a variety of fun toys, craft materials, books and more. Children also have the opportunity to enjoy our indoor playground!

Attached to our crèche is a feeding room for breast feeding mothers and babies. An audio link and TV allows mothers to see and hear what is going on in the service; this is also available in the crèche.

If any parents, whose children frequently use the crèche, are interested in volunteering to help out in the crèche and supervise children during the church service, please contact the church office (contact details found on page 6). We are also looking for volunteers to help us in the crèche during our new Sunday night services.

## GROW

### 3-6 Years

It is now June, which means it is officially the beginning of winter. Please let me know if your child is sick at any point throughout winter so that we can pray for them together in Grow.

Last month we learnt about how friends can show God's love to each other. We also learnt about how amazing mums are and we how it is important for us to say thank you.

This month we will be learning about kindness and how we can show kindness. We will also be learning about how to say sorry.

We have amazing kids in Grow and I know they are going to love what we have in store.

My challenge for this month is a fun one! Grab your children's Bible, read it and remember how amazing this gift is that has been given to us all.

God Bless,  
**Cassie Beattie**

## FROM PR GREG

Feelings! Someone has said, 'feelings are good friends but terrible masters'. So true!

They are good friends in that they are sign posts indicating how our inner world is going.

We cannot ignore feelings but must address 'why' we feel the way we do, especially anxious or depressed feelings, and work to resolve issues we discover (perhaps with the help of others).

Yet, feelings are terrible masters if we allow them to rule us. Sometimes, if we give in to them they can lead us astray, or even lead us to act in self-destructive ways.

Feelings also may not be a true indicator of reality. For instance, when feeling depressed, we may think of our situations as hopeless or helpless. But is that true?

If I find my feelings getting the better of me, I go straight to the Word of God and I pray, "Lord speak to me today through your Word, 'for your Word is a lamp unto my feet, and a light unto my path'" (Psalm 119:105).

I challenge any negative unbelieving thoughts and replace them with the

wonderful promises of God – and I speak them out over my life.

Another thing I do is pray in tongues for a while, sometimes a good while (1 Corinthians 14); and offer thanksgiving to God (1 Thessalonians 5:18).

I also may talk to trusted others about my feeling and thoughts to gain fresh perspectives.

These measures are not only therapeutic to my soul, but more importantly, enable me to fellowship with The One Who is 'my ever present Help' (Psalm 46:1).

In the fog of fuzzy emotions and feelings His light and leading, presence and power, cut through. I can then think more clearly and truthfully, my anxious thoughts and troubled feelings are soothed, and I am able to make objective, rather than subjective decisions. Then my feelings remain good friends and not my master.

I am really looking forward to June and all that God will do in and through our lives.

God bless and greetings from Joy and I, as well as everyone at NLCC.

### Vision Christian Radio Tennant Creek

Our story as a broadcaster in our own right began in 1999. 'Vision FM' was born on 1<sup>st</sup> February that year in Springwood, Brisbane. Mid 2001 we moved to a larger premises in Underwood to enable us to better provide 24/7 broadcast coverage to a growing number of relay stations across the nation, plus listeners on the internet.

In the 12 months following March 2001, an expansion began, with our relay stations tripling to around 90. In the same year, we introduced Australia's first nationwide Christian worldview news service – now heard on Vision and around 25 other stations.

In 2003 we had a chance to secure our first

high-powered licences. The network quickly reached 150 relay stations by the end of 2003, and in 2004, our first foray into AM radio followed with sites in Shepparton, Bunbury and Kalgoorlie. Prior to Christmas 2004, a further 17 high-powered licences were secured, going on air in 2005.

Over the years, we've been able to acquire hundreds of high and low-powered open narrowcast licenses to set up a national network of relay stations. Many places have benefited from our cost effective approach of using low-powered FM transmitters. The setup cost is very achievable for most communities and the ongoing cost is minimal due to low maintenance equipment with low power consumption - we even use solar power in some remote areas.

As our network has grown, our program content has also matured and developed. Our team of professional broadcast staff comes from many walks of life and media backgrounds, and are the daily voice of Vision Christian Radio all across Australia.

## CONNECT GROUP ARTICLE

I trust you are all enjoying our '40 Days of Marriage and Family' series. I also trust God is using the series to touch your life and pray He continuously speaks and encourages you through our series in the days ahead.

God does not need a perfect family but He needs people who are willing to make improvements.

You must have heard the saying, "The biggest room in the world is a room for improvement." No one is perfect. We always need to make some adjustments and improvements as we grow in life.

Every single day we face challenges and

opportunities within our own family which will either make us or break us.

The things we learn each weekend serves as a tool to help us fix our own marriage and family issues. For a mechanic, the most frustrating thing is knowing what the problem is but not having the proper tool to fix the problem.

This is what the series '40 Days in Marriage and Family' is for – it is putting the proper tools in our hands. I trust that you will take the lessons onboard and keep these as close to you and use them if and when needed.

This is not only to benefit our own family, but also to benefit others. This happens in a connect group setting.

As each has received a gift, use it to serve one another, as good stewards of God's varied grace (1 Peter 4:10).

Everything we learn is a gift that we can use to serve and bless others.

The truth of the matter is, we need each other because nobody is good at everything. In life, everyone needs the help of others. Achieving a healthy relationship wouldn't be possible without others' encouragement and input.

No one makes it alone!

If you are not part of a connect group, may I encourage you to join in and enjoy the company of one another. Remember, 'Life is better connected'.

Blessings,  
**Pr Gregg Manego**

## ABOUT US

A part of the mandate of our church is Christian Education. Leo Harris had a vision for Christian Education and plans were developed in 1976 and 1977 for a Christian School. Sunrise Christian School was founded in 1978 in Fullarton. Some time later Temple Christian College was founded as a sister organisation for high school students.

Adelaide Christian Schools (ACS) is an organisation that aims to oversee and support its schools ranging from ELCs to Year 12 in co-educational settings and other training establishments. ACS is called to educate and train children in all aspects of life in such a way that God is seen to be the centre of everything - to be an extension of the Christian home, fulfilling the God-given mandate for parents to bring up their children in His ways.

The schools are governed by a Board with membership comprising individuals with vast experience and expertise from a variety of industry sectors. The Board works closely with Committees and Advisory Groups that have been established in each school community to engage with local leadership at a grass roots level, providing an opportunity for local input and expression.

## OUR SCHOOLS

ACS governs and supports 12 schools. Each school offers its own distinctive qualities that focuses on the role of the family in education, character development and excellence in academics.

## SUNRISE BETHEL CHRISTIAN SCHOOL AND EDAI CHRISTIAN SCHOOL UPDATE

Recently I have been dwelling on the idea that often we only see a small part of what God can see and is planning for us. Our vision of what is next can be very limited.

I like to sew things – and enjoy making sewn gifts for my family. To do this I have to cut out small pieces of material that will later be joined together to make something beautiful. However, when I look at the small pieces of fabric that I have cut and

prepared it is hard for anyone else to see what will emerge from them and what is in my mind. I don't often follow patterns and therefore have my own ideas of what it will look like when it is finished.

Sometimes we are like the small pieces of fabric. We see the small piece or part that we are responsible for and try to make it work as well as possible. However, God knows that we need all the pieces working well, for the beauty to emerge. It is together and in order that the true beauty emerges.

Last term we learnt the verse from Philippians 1:27 - "Whatever happens, conduct yourselves in a manner worthy of the gospel of Christ. Then, whether I come and see you or only hear about you in my absence, I will know that you stand firm in the one Spirit, striving together as one for the faith of the gospel."

This is our task – to do all that we can. Stand firm in what we believe and strive together. We work on our small part and fulfil our responsibility, so that it will all come together in God's perfect vision. Together we will make something beautiful.

### Big Thank You

The Brian Bell Foundation have been incredibly kind to our school and our new secondary buildings.

Firstly, they donated 22 toilets, and the hand basins and taps needed for our ablutions building.

Then just as the shutdown was happening, we also received a donation for the supply and installation of new air-conditioning units to the seven rooms in the new secondary building!

The air-conditioners are currently being installed into the new classrooms to both the teachers and students delight!

It is going to be hard to get them to leave this super cool environment!

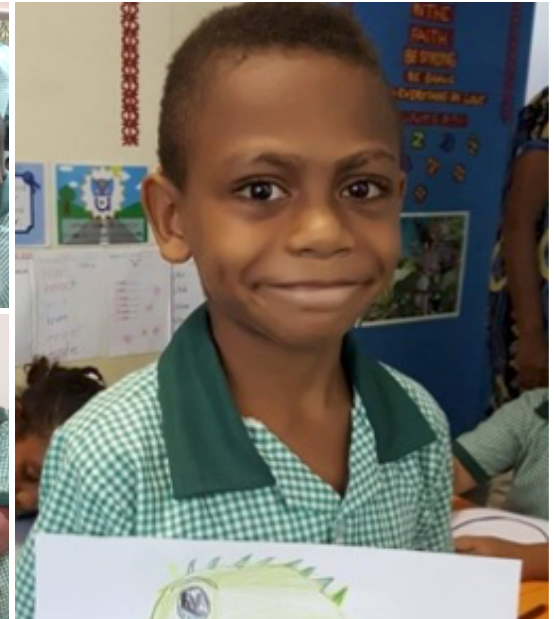

We say a huge THANK YOU to the Sir Brian Bell Foundation. We are very grateful for their generosity to our school.

We would also like to sincerely thank the students and staff from Bethel Christian Centre who cleared the roadway next to our new building. It certainly looks a lot better now!

### Secondary School

Our staff and students are settling into our new building. The teachers now have a place to prepare and mark books in

between lessons. The students are making the spaces welcoming with their work and creativity displayed on the walls.

We thank all the secondary teachers for their tireless work in making this a wonderful learning environment.

## South Pacific School Aid

In the photo on the top left we can see Mr Peter Kirk wheeling a pallet of goods that are headed to Sunrise Bethel Christian School.

Peter heads up a team at South Pacific School Aid who collect various materials and send them to schools around the Pacific.

We have had a number of pallets from SPSA and once again we are excited about the two pallets that arrived in May.

All of the items are donated firstly to SPSA and then to the various schools across the nations. SPSA are an incredibly generous group who diligently work on our behalf for our students.

## Classroom Updates

Drawing is such a critical skill in the early years. Some of the skills children learn through drawing are:

- Observation
- Listening
- Spatial perception
- Remembering

Children learn to make meaning and freely express their thoughts, ideas and feelings through drawing.

Drawing also helps with children's development of fine motor skills as they

learn to control their finger grip and movement to the ideas they are expressing.

The grade two class at Sunrise Bethel Christian School have been looking at Design and the process of design.

First, they drew their own dinosaur, and then they designed how to make it into a puppet using a sock. The ideas were creative and thoughtful. The students are going through the process of:

1. Critiquing
2. Designing
3. Making
4. Reflecting

The classes at Edai Christian School have been exploring some of the new activities that came up from Australia in the last container.

These activities promote group and team skills, and problem-solving skills. It is good to see them working together to find solutions and their delight when the puzzles and games are finished.

The Grade Three class at Sunrise Bethel Christian School were learning about a healthy diet. And to reinforce their learning, they designed and made a basket of foods that they thought gave a balanced diet.

It looks like they were very thoughtful in the selection of food items that would bring the best combination of food for the healthiest diet. They worked well in their groups as they created an interesting visual learning tool.
